

OKAFOR GOODNESS

CLOUD ENGINEER

goodnessokafor78@gmail.com | 08101283337 | [Github](#)

SKILLS

Amazon Web Service (AWS), Terraform, Git, GitHub, HTML, CSS, Linode, Ansible, JavaScript, Digital ocean, Vuejs, python, React, Docker, Kubernetes

PROJECTS/ EXPERIENCES

Altschool Africa (2022-2023)

- *Programming experience with python and Java script
- *Hands-on experience in networking and Linux administration.
- *Implemented a bash script to monitor and log system hourly, memory usage, sending daily report via email
- *Advanced Deployment of laravel application on Digital ocean using Ansible
- *Hands-on experience with AWS services including IAM, S3, EC2, EBS, RDS, Cloud watch, Cloud trail, SQS, SNS, Route 53 and cloud formation for computer, database, monitoring and application integration
- * Dynamic Load Balancing and Web server Deployment on AWS using Nginx
- * Terraform and Ansible Deployment of EC2 instance with ELB and Route 53 integration
- *Experience with DevOps Essential tools such as Ansible, Docker, Kubernetes and Jenkins

System Administrator/ Kodekloud Engineer (2022- PRESENT)

- *Defining and implementing policies for cloud based system
- *Administering the Cloud system through patches, permissions and service deployment
- *Communicating with IT and non IT professionals to ensure effective use of all services
- *Monitoring and analyzing network performance to match on demand requests

Tech Support (SMAC MEDIA) (2021-2022)

- *Troubleshoot hardware and software errors by running diagnostics, documenting problems and resolutions, prioritizing problems, and assessing impact of issues
- * Responsible for the maintenance, configuration, and reliable operation of computer systems, network servers, and virtualization

- *Installed and upgraded computer components and software, managed virtual servers, and integrated automation processes

- *Performed regular backup operations and implemented appropriate processes for data protection, disaster recovery, and failover procedures

Tech Tutor (Ignite Force Platform (2023).

- *A beginner friendly class on HTML/CSS

- *Designed a simple web page

- *AWS Introductory Class

- *Hands-on experience with AWS

- *Deployed a Laravel application on AWS with Ansible

SOFT SKILL

Communication, multi tasking, Collaboration, Research, Observations, Decision making.

Education

- *Altschool Africa

Diploma in Cloud Engineering (2022-2023)

- *Niger Delta University, Bayesa State

Bsc in Microbiology. (2016- 2021)
